한마음 어린이집 (달님반)

임서정
한마음 어린이집 (달님반)

최재혁

Traffic Accidents account for about **30 percent** of child safety deaths.
We need a system for traffic safety for precious Kids!

Kindergarten Management

1. Management of information for children and workers
2. Automatic attendance update, Checking attendance status
3. Announcement registration and Alarm functions

Application of RTK Technology

1. Precise retrieval of vehicle's current lovation using GPS equipment
2. Providing dispatching, operation, operating location, and expected arrival time of vehicles
3. Estimated operating time-based system

Untact mediation system

1. Scheduling with the System
2. Delivery of the reason for the reservation and non-reservation of the kid's vehicle
